WOMEN DECIDE REPRESENTATION

NATIONAL PARTY ARRANGE FOR BOOSTING SUFFRAGE IN THE CAMPAIGN

(By Associated Press.) COLORADO SPRINGS, August 11.—Sharp differences regarding the manner of selecting a resolutions committee to draft a statement of the election policy of the National Woman's party developed during the first formal session of the national conference of the executive committee. A substitute that the main committee consist of twelve instead of five members, to be selected from each of the states instead of by the national chairman was lost by a vote of 49 to 42. On amendment intended as a compromise was immediately passed increasing the committee to eleven, one for each suffrage state. Mrs. William Kent, of California, was selected chairman.

With the arrival of the Arizona delegation the conference increased the membership of the resolutions committee to twelve.

NEW OFFICER TAKES CARE OF BIG LOANS

MINISTER OF LOANS TO LOOK AFTER ENORMOUS AMOUNT OF SECURITIES ISSUED

(By Associated Press.) LONDON, August 11.—To relieve the chancellor of the exchequer of some of the responsibility for the issue of exchequer bonds, war loans, etc., still another office is practically certain to be added to the cabinet, in the form of the ministry of loans, according to a political writer in the Weekly Dispatch.

When McKinnon Wood takes over the position of financial secretary to the treasury, after resigning the Scotch secretaryship, it will be found that he will take over the duties of the new office, the writer says.

The ministry of loans will be the third new cabinet office to have been created during the war, the other two being the ministry of munitions and the ministry of blockade. McKinnon Wood has always held that thrift should be the concern of the state. His capacity for the new office rests on extensive business experience, he having carried on the family business as a merchant successfully. His aptitude was reflected in his work as a member of the finance committee of the London country council.

Oregon Governor Helps Man to Save Homestead.

Salem, Ore.—Governor James Withycombe granted ninety days' leave of absence to C. O. Bogart, serving a term in the penitentiary for assault with intent to kill, in order that he might plant his spring crop and save, if possible, his homestead in Malheur county from foreclosure proceedings. Several weeks ago Bogart informed the governor that unless he could be given an opportunity to plant his spring crop his wife and eight children would be without provisions next winter and also unable to meet interest on a mortgage on his homestead. He is serving a term for attempting to kill a man named Mathews, with whom he quarreled over a land right.

SCANDAL FASTEST TRAVELER.

Wisconsin Professor Finds Flattery Second, Truth the Slowest. Madison, Wis.—Scandal travels 1,000 yards per second, according to Professor Benjamin Snow, head of the University of Wisconsin's physics department. Professor Snow bases his calculations upon observations made at the university.

Flattery has the second greatest speed, the professor finds, traveling from 400 to 500 yards in the same time. Truth, however, he declares, is slowest of all, moving only about two and a half yards per second. The computations, he said, were based on the speed of the sound of an alarm clock, which is zero.

UNIQUE AUTO PARTY ARRIVES

AN OLD PRINTER AND HIS OUTFIT

Charles W. Deacon, who was for fifteen years superintendent of the International Typographical Union home in Colorado Springs, passed through here in his auto yesterday afternoon on his way to New York City from Los Angeles, where the family has been making its home for the past three years. His wife, daughter and son accompany him on the tour. From Tonopah the party will go to Salt Lake City, through Yellowstone National park, down to Minneapolis and then to New York.

Proctor S. Deacon, 19 years old, son of Charles W. Deacon, weighing 225 pounds, is piloting the car. Deacon, Jr., is a talented musician and a graduate of high school. He was born in the printers' home at Colorado Springs.

The party is advertising Harold Bell Wright's masterpiece, "The Eyes of the World." The scene and setting of this story is laid in the beautiful and picturesque country of California in the vicinity of Redlands. A prominent moving picture company will film the play and release it within the next few months. The play has an all star cast and promises to be one of the main features of the year.

The hood of the car is painted in large white letters, "The Eyes of the World." A clever poodle dog is also making the journey.

DYNAMITE DESTROYS HOUSE NEAR CARSON

An explosion occurred at the ranch house of William Metcher, on the Nick Simmer ranch at the foot of the mountain to the west of Carson, at 12:15 p. m. Monday, which demolished the greater part of the house, and the inmates narrowly escaped death, says the Carson News. Two miners who are working on a prospect near the ranch and stopping at the Metcher home had come in to their dinner and carried 27 sticks of dynamite. On entering the house they placed the explosive out of doors, near the building. While waiting for their meal to be gotten ready they lay on a bed, and had just been called and sat down at the table when the dynamite, for some unknown cause, exploded. The room in which they had been resting was completely demolished, and the dishes on the table smashed by the concussion. There were five people at the table, and by what seems a miracle no one was injured in the slightest degree.

AMUSEMENTS

BUTLER THEATER

Owing to a mishapment of the Fox feature, "Hypocriasy," which was billed for tonight, it will be impossible for it to be shown, and in its place will be substituted a Lasky five reel feature entitled "The Only Son," with Thos. W. Ross, the favorite juvenile star, in the leading role. It is the story of a struggling prospector who strikes gold and becomes a power in the financial world. Becoming absorbed in business he neglects his wife and family. The son becomes worthless; the wife, feeling her neglect, occupies her time around the rendezvous of the social elect. She meets an artist, "Barger," and promises to "sit" for a painting. Her name becomes connected with his and the family is broken up. The preliminary reel will be another reel of the Athletic series, in which real contests are shown between the world's greatest athletes. This is something new in motion pictures—just out, and is fact becoming very popular. Tomorrow, Mame Petrova in "Playing With Fire," and Pathe Weekly. Monday, vaudeville.
